Subject: New Fitting Assortments From Aeroquip

Eaton is pleased to announce the addition of four new Aeroquip Performance Products fitting assortments designed to help your jobbers, teams and retail outlets stock Aeroquip fittings in the most efficient and inexpensive way. By ordering just one part number, your customers can stock the fastest moving items in the fitting category they choose.

Lead the way in offering the newest and most efficient way for your customers to market the most reliable line in hose and fittings. These new assortments are in stock and ready to ship!

Features & Benefits

- **Pick Your Line:** Select the assortment that carries the fitting style you want. The four assortments include the fastest moving items in Reusable, Crimp, Socketless and Air Conditioning fittings, allowing your customer to stock the line that best supports your business.
- **Heavy Duty Storage:** Each assortment comes with the attractive FT1601 storage cabinet that offers 15 heavy-duty drawers.
- **Flexibility:** Each drawer can be divided into 3 separate sections accommodating up to 45 different part numbers!
- **Expandability:** There's even plenty of room left over to add additional part numbers so you can stock it your way!
- **Fast Moving Items:** Each assortment comes with only the fastest moving items in its category.
- **Organize Your Stock:** These new assortments offer the ideal way to manage your inventory in one space saving location – behind the counter or out on the floor!
