Be Prepared...

with Eaton's generator ready loadcenter.

EATON

Powering Business Worldwide

The next GENERATION in Emergency Power

Emergency Power Needs

More homeowners are installing standby power every year due to:

- Aging utility infrastructure.
- Severe weather events.
- Safety and security concerns.

Homeowners are concerned about losing power.

Why do I need Standby power?

On average **3.5 million** people across the U.S. experience power outages each week. Eaton's generator and automatic transfer switch (ATS) ready loadcenters address emergency power needs.

Features and benefits:

- 22 circuits for non-essential loads and 14 emergency circuits.
- UL® Listed.
- Space saving design.
- Generator complete packages available.

Homeowner value:

- Safety, comfort and convenience.
- Increased home value.
- Power outage protection.

Why should I buy from Eaton:

- World class service with 24/7 Customer Support.
- Lifetime Warranty on all CH loadcenters and breakers.
- Quality design.
- Custom solutions available exclusively with Eaton.
