Commissioner Certification Training
SVX, SPX, H-Max, CPX, and CFX

Variable Frequency Drive
Commissioner Certification Training

Earn your Eaton Commissioner Certificate Certification and extend your warranty to three years

Are you involved in the installation, programming, and commissioning of Eaton variable frequency drives products? Attend one of the upcoming Commissioner Certification Training sessions to become a certified Eaton Drives Commissioner. Course completion will also reward you with additional drives warranty coverage.

This training includes information and instruction regarding:
- Eaton VFD products: SVX, SPX, H-Max, CPX, and CFX
- Installation requirements
- Power and control wiring methods specific to the Eaton VFDs
- Programming and customer interface
- Inspections and testing necessary to confirm proper operations
- Hand-off of the equipment to the customer

Price per student:
$375 per day or
$950 for all three days

This program is presented by our training partners, Superior Drives Service, Inc.
