Director Nomination Process

March 17, 2017

Director Nomination Process

The Governance Committee of the Board, composed entirely of directors who meet the independence standards of the Board of Directors and the New York Stock Exchange, is responsible for overseeing the process of nominating individuals to stand for election as directors. The Governance Committee charter is available on our website at <http://www.eaton.com/governance>.

The Governance Committee will consider any director candidates recommended by our shareholders, consistent with the process used for all candidates. To learn how to submit a shareholder recommendation, see “Shareholder Recommendations of Director Candidates” in the 2017 Proxy Statement. The Governance Committee chair reviews all potential director candidates in consultation with the Chairman, typically with the assistance of a professional search firm retained by the Committee. The Committee decides whether to recommend one or more candidates to the Board of Directors for nomination. Candidates who are ultimately nominated by the Board stand for election by the shareholders at the annual general meeting. Between annual general meetings, nominees may also be elected by the Board itself.

Director Qualifications and Board Diversity

In order to be recommended by the Governance Committee, a candidate must have the following minimum qualifications, as described in the Board of Directors Governance Policies: personal ability, integrity, intelligence, relevant business background, independence, expertise in areas of importance to our objectives, and a commitment to our corporate mission. In addition, the Governance Committee looks for individuals with specific qualifications so that the Board as a whole has diversity in experience, international perspective, background, expertise, skills, age, gender and ethnicity. These specific qualifications may vary from year to year, depending upon the composition of the Board at that time. The Governance Committee is responsible for ensuring that director qualifications are met and Board balance and diversity objectives are considered during its review of director candidates. The Committee annually evaluates the extent to which these goals are satisfied as part of its yearly assessment of the skills and experience of each of the current directors using a director skills matrix and a director evaluation process. The director evaluation process includes self-evaluation, peer evaluation and input from the chairs of each Board committee. Upon completion of the skills matrix and the evaluation process, the Governance Committee identifies areas of director knowledge and experience that may benefit the Board in the future and uses that information as part of the director search and nomination effort.

The Board of Directors Governance Policies are available on our website at <http://www.eaton.com/governance>.
