## **Eaton Earns Quality Awards for its Clutches and Synflex Products from PACCAR, Inc.**

Three of Eaton's facilities received a 2011 Quality Achievement award from PACCAR, Inc. In order to be eligible for the award, supplier plants must deliver components with a quality rating of 50 parts per million or better as well as meet warranty expectations.

The Vehicle Group's Auburn, Indiana, clutch plant and the Hydraulics Group's fluid conveyance plants in Reynosa, Mexico, and Aurora, Ohio, each received the award. To be eligible, supplier plants must deliver components with a quality rating of 50 parts per million or better as well as meet warranty expectations.

### **Vehicle Group's Auburn, Indiana, Clutch Plant Praised**

All Eaton truck plants supply PACCAR, and the Auburn, Indiana, clutch plant received PACCAR's recognition this year.

"Please thank all of those at Eaton who are responsible for shipping quality product to PACCAR on time. This is something to celebrate and be proud of," PACCAR purchasing director Anne Nolan wrote in a letter announcing the award to Eaton's Vehicle Group.

"It's an honor to be a supplier partner with PACCAR and contribute to the outstanding quality of their vehicles," notes Rob Perkins, who heads the global PACCAR account for the Vehicle Group. "We strive to supply the best possible parts to all of our customers. The Auburn truck team met this objective head on, and already is working on improving upon its success."

### **Hydraulics Group Earns Award for Synflex Products**

The Hydraulics Group fluid conveyance facility in Reynosa, Mexico as well as the Aurora, Ohio, plant supply a variety of Synflex products to PACCAR and received congratulations for their levels of product quality.

Dynacraft Louisville, Kentucky's supplier quality manager, Jim Chester, noted, "Your outstanding service and hard work has allowed us to deliver high quality product to the PACCAR truck plants. It is a pleasure to work with people who take delivering quality seriously."

Eaton is a long-time supplier to PACCAR, providing the maker of DAF, Kenworth, Kenworth

Australia, KenMex and Peterbilt heavy- and medium-duty trucks with a variety of clutches, transmissions and other truck components as well as Synflex products.
