MADE IN

Product Highlights

Eaton's Industrial Big Cats

Built to make work faster, easier and safer! The Big Cats are designed to assure maximum product life in your chemical, acid and petroleum applications.

Some distinct advantages are:

- Easy-to-handle
- High visibility branding
- Color-coded covers
- High chemical resistance

Don't Gamble, Use Royalflex®!

Eliminate scrap and additional coupling costs, with Royalflex's long, continuous lengths.

This kink-resistant hose services many applications:

- Petroleum and chemical transfer
- Pumping, suction and discharge of water and slurries

This state-of-the-art product is only offered through Eaton.

Steam Hose

Eaton industrial steam hose has many unique features and benefits:

- Our steam hose has a 10 to 1 safety factor
- Chlorobutyl tube for high temperatures
- Engineered system available with our Concord 250 hose and Crimp Wolf Coupling

Crimp Wolf Coupling

Engineered system qualified to work with a variety of Eaton Industrial hose, including:

- Concord 250® Steam
- Hydrocarbon Drain
- Hot Tar Pumping

Custom Capabilities

Eaton specializes in thermoplastic hose and tubing products that are sold into the industrial, recreation, beverage, and irrigation markets. These thermoplastic hose products are manufactured out of materials such as PVC, polyethylene, nylon, EVA, urethane, and specialized thermoplastic rubber materials including Santoprene.

Applications for these products include (but are not exclusive to) air, water, chemical, food and pesticide conveyance. Specialized products, configurations and packaging to meet our customers' unique requirements are our core competencies.

Thermoplastic products can be constructed to meet FDA, NSF, UL, SAE, Mil-Spec., and various other industry specifications in custom lengths, colors and individualized branding. We offer the lowest minimum run quantities in the business.

These pages show a range of customized products we have created to address the demanding needs of our customers. Read through them and then call us to find out what Eaton's Industrial Hose and Tubing Solutions can do for you.

Size Capabilities

0.30" – 2.00" I.D.
for non-reinforced tubing

0.125" – 2.00" I.D.
for reinforced hose

0.625" – 3.00" I.D.
for suction hose
