

Arrow Hose and Tubing Inc. - 2011 Public Summary Report

The Province of Ontario developed a Toxics Reduction Strategy that included the introduction of the Toxics Reduction Act, 2009 to reduce toxic substances created or used in manufacturing processes and to better inform Ontarians about toxic chemicals in the air, water, land and consumer products. The promotion of positive health and environmental outcomes is a basic expectation of a responsible, democratically elected government and a healthy economy provides the resources to support such positive outcomes.

In accordance with Toxics Reduction Act 2009 and Ontario Regulation 455/09, Arrow Tube & Hose Inc. (the Company) provides this public summary report of its 2011 Toxic Reduction Act Report for its Guelph, ON facility located at 49 Cutten Place, Guelph, ON. In accordance with Ontario Regulation 455/09, a copy of this public summary report has been made available to the public and will be made available upon written request to the Company.
