Eaton Asia Pacific Overview:

Eaton is a power management company, we help customers worldwide manage the power they need for buildings, aircraft, trucks, cars, machinery and entire businesses. And we do it in a way that consumes fewer resources.

By providing innovative industrial technologies, high-quality products and superior customer relationships, we are proud to play an active role in the Asia Pacific region.

Eaton first established a presence in the Asia Pacific region during the 1970s. Since then, the company's presence has grown significantly. We've established wholly-owned

subsidiaries, joint ventures, strategic alliances and business partnerships with many well-known companies throughout Asia. We have also developed a growing sales distribution network to serve our customers throughout the region. Shanghai has been the headquarters for our Asia Pacific operations since 2004.

Asia Pacific is a key growth market for Eaton. We manufacture in 52 major manufacturing facilities in China, Taiwan, India, Japan, South Korea, Singapore,

Indonesia, Thailand, Philippines and Australia. We employ around 20,000 people in a fast-growing network of sales and marketing offices, manufacturing plants, service centers and research facilities.
