Beer filtration
Filtration Technology

- Filtration with depth filter sheets and support sheets
- Filtration with stacked disc cartridges
- Filtration with depth filter cartridges and membrane filter cartridges
Filtration with filter aids  

Stabilization products
Process Steps

- Storage tank
- Centrifuge
- Buffer tank

- Storage tank
- Vessel filter or frame filter for diatomaceous earth filtration
- Sheet filtration

- Storage tank
- Vessel filter for diatomaceous earth filtration
- Stacked disc cartridge filtration

- Storage tank
- Vessel filter for diatomaceous earth filtration
- Fine filtration using depth filter cartridges

- Storage tank
- Vessel filter for diatomaceous earth filtration
- PVPP filter
BECOPAD single stage or multistage

Pressure tank

Flash pasteurization / bottling or cold sterile filtration

Combination filtration

or

Membrane filtration

Trap filtration with depth filter cartridges
Product Overview

Storage and maturing:
BECOSOL™ 30
BECOSORB®
Divergan® F

Filter aids:
BECOGUR™
BECOLITE™
BECOCHEL™
BECOFLOC®
BECO® FilterAid

Stabilization:
BECOSORB®
Divergan® F
Divergan® RS

Depth filter cartridges:
BECO PROTECT® PG for trap and fine filtration
BECO PROTECT FS FineStream for fine filtration

Membrane filter cartridges:
BECO MEMBRAN® PS Beer

Media filtration:
BECO PROTECT PG for filtering water
BECO PROTECT KM for filtering steam
BECO MEMBRAN H Air for filtering inert gas

Stacked disc cartridges:
BECODISC®
BECODISC BS

Precoat filtration:
BECO ENDURA® support sheets

BECOPAD® depth filter media range:
In all grades from coarse to sterile filtration

BECO standard filter sheet range:
In all grades from coarse to sterile filtration

Divergan® is a registered trademark of BASF
Plate and frame filters, housings, measuring instruments, and various auxiliary products round off the program and support your process.

**Plate and frame filters:**
BECO COMPACT™ PLATE A600

**Stacked disc cartridge housings:**
BECO INTEGRA® DISC

**Filter cartridge housings:**
BECO INTEGRA CART

**Measuring instruments:**
BECO MAX₂
BECO Control Mini
BECO LiquiControl₂
