

Residential Flex Center Wall mount style panel

Temporary power
customized to the
specific requirements
of your event, festival
or food truck

For your upcoming event, festival, fair, or food truck that requires temporary power, our customizable event panels offer the ideal solution. We provide both ground fault and equipment protection configurations. You can choose between pedestal or wall-mounted options, and custom mounting brackets can be fabricated if necessary. The panels feature multiple receptacle styles to meet all your event electrical needs.

Features:

- Wall mount style panel (custom hanging brackets by request)
- Pedestal mount style panel
- Eaton BRP or CHP loadcenter interior
- Single-phase, three-wire, 120/240 Vac
- Three-phase, four-wire, 120/208 Vac
- 100A – 225A rating
- Main breaker or main lug option
- NEMA 3R outdoor-rated enclosure
- 20A – 50A receptacles available

Applications:

- State & county fairs
- Fairgrounds
- Music festivals
- Street fairs
- Carnivals
- Promotional events
- Food trucks
- Convention centers.

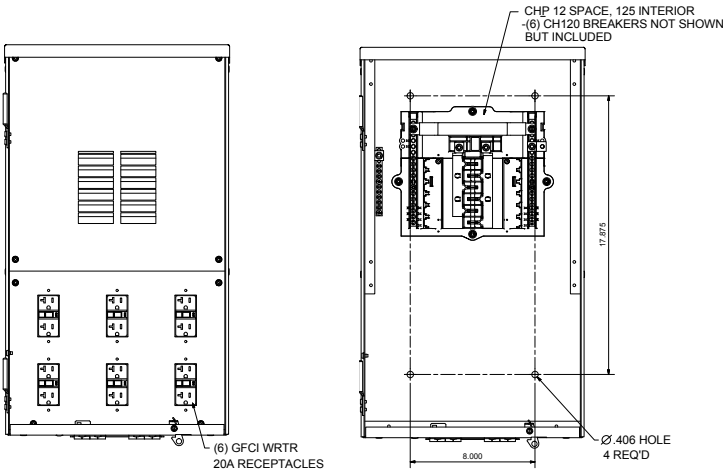

Powering Business Worldwide

Start your bespoke event power panel

At the Residential Flex Center, your custom event power panel project starts with a one-on-one consultation with one of our Flex Center Solution Engineers, who will work closely with you to ensure that you'll be aligned at every stage of our custom solution process — from quoting consultations to design and implementation.

Event power panel layout

Consult with a Residential Flex Center Engineer to create a custom event panel built to your specific needs.
