Eaton 5P tower UPS

Enterprise class battery backup in a space-saving tower design for network closets and computer rooms

**Space-saving:** The Eaton® 5P provides premium protection while conserving value space in multiple, slim tower designs.

**Efficiency:** The 5P provides industry leading efficiency of up to 99 percent.

**Manageability:**
- **UPS management:** By integrating Eaton’s free Intelligent Power Manager® Software, you can monitor and manage the power devices on your network
- **Energy metering:** The 5P meters energy consumption at the UPS level

**LCD:** Eaton’s next-generation LCD offers a graphical interface which provides all critical UPS information in a single screen view

**More power:** The 5P protects more devices by providing 20 percent more wattage compared to traditional UPSs.

**Battery life:** Eaton’s exclusive ABM® technology increases battery service life by 50 percent.

**Intelligent Power Manager (IPM)**

By integrating the software with the Eaton 5P, you can:
- Seamlessly integrate with VMware’s vCenter Server™ virtualization management solution, as well as virtualization platforms such as Citrix® XenServer, Microsoft SCVMM™, Red Hat® and other Xen® open source platforms
- Initiate live migration of virtual machines (VM) to automatically and transparently migrate VMs during power disruptions to unaffected devices with systems such as VMware vMotion™ and Microsoft Live Migration
- Execute graceful shutdown of computers and virtual machines/servers during an extended power outage

**Services and support**

Eaton provides product support 24 hours a day, 7 days a week. From battery replacement to full UPS service plans, Eaton has one of the top service models in the industry.

**Three-year warranty**

The 5P warranty covers both the UPS and the batteries for three years. No other manufacturer in the industry offers as comprehensive a warranty.

#### What's in the box
- User manual CD
- Intelligent Power Software Suite CD
- Quick start guide
- USB cable
- RS-232 cable
- G models only
  - 2 IEC-to-IEC jumper cables

---

**5P750 rear panel**

- Communication slot with optional network card
- (8) 5-15R output receptacles
- Two individually controlled groups of outlets
- Input line cord with 5-15P

**5P2200RT rear panel**

- Communication slot with optional network card
- RS-232 port
- USB port
- Remote power off/Remote on-off connector
- Two individually controlled groups of outlets
- (8) 5-15R output receptacles
