WARNING

Do NOT attempt to install or perform maintenance on equipment while energized. Breaker must remain in the “OPEN” & “DISCHARGED” condition during the installation of this accessory kit. Death or severe personal injury can result from contact with energized equipment. Always verify that no voltage is present before proceeding.

Manufacturer/Supplier assumes no responsibility for damage done to circuit breakers or other equipment during field installation of any accessory.
**STEP 1:** Slide a M6 square nut into the slot in the upper rear of the case, on both sides, with the flat face towards the outside.

**STEP 2:** Place a mounting bracket on each end of arc hood.

**STEP 3:** Fasten brackets to the inserted square nuts and captive nuts in the front housing.
