

## Product Change Notice

PCN#: EE-PCN17034

July 10, 2017

### CLASSIFICATION OF CHANGE:

Addition of label tape to top of component surface.

### DESCRIPTION OF CHANGE:

Add label tape to top of component to facilitate pick & place capability.

### REASON FOR CHANGE:

customer reports issue with pick & place capability with current component.

### EXPECTED INFLUENCE ON QUALITY, RELIABILITY, AND PERFORMANCE:

There will be no effect on the quality, reliability, or performance. There is a change to form and fit but no change to function of the devices. The additional width of the label tape will affect the form of the component but is within specified component width of customer. The addition of the label tape to the top surface of the component will facilitate pick and place capability.

### PARTS FAMILIES AFFECTED:

FPD1110V2-R300-R
