The European Chemical Agency (ECHA) updates the Candidate List, which is part of the EU-REACH-Regulation EC1907/2006. Eaton has established processes to identify whether Substances of Very High Concern are contained in our products and we are actively working with our suppliers concerning this matter, consistent with Eaton's commitment to our customers.

As we trust you appreciate, our efforts remain in progress as suppliers respond with more relevant and complete information. At this time, we would like to inform you that the following Eaton product(s) may contain SVHCs as follows, but the verification process via suppliers and/or testing continues. As suppliers provide more information on the same, we will update our information to you

This declaration is based on information available to us. It refers to the products at the date of issue. We make no express or implied representations or warranties with respect to the information contained herein.
