

Save labor costs and tooling expenses and improve the efficiency of your transmission rebuilding operation by using Fuller® subassemblies.

Eaton is pleased to offer fully assembled subassemblies using genuine Fuller parts to ensure that they perform to exacting OE Standards.

New main shaft and counter shaft assemblies are available, as well as remanufactured range section assemblies and shift bar housings (with no core charge).

- Simplify and streamline operations for maximum throughput.
- Reduce inventory of individual loose parts.
- All parts are genuine Fuller parts, so you can be sure you are providing the best quality for your customers.
- Pre-assembled units are shipped in special protective packaging to prevent damage during shipping.
- Subassemblies feature a full one-year warranty from date of sale.

Only Fuller subassemblies give your customers OE quality in your rebuilds.

Visit the electronic parts catalog at [www.inforanger.roadranger.com](http://www.inforanger.roadranger.com) for the most current part numbers.
