Combination devices

Providing either 2 or 3 devices in a single-gang box with decorator or traditional styling, our broad line of combination devices encompasses switches, receptacles, pilot lights and nightlights. Bathrooms, kitchens, basements and hallways are all locations that often require or can benefit from the space savings and convenience of combination devices.

The Eaton difference

- Convenient patented built-in wire stripper speeds installation
- Steel mounting strap is zinc plated for added corrosion resistance
- USB Receptacles allow for quick and convenient charging of most electronic accessories
- Nightlight models feature dimmable LED lamps

Specific combination device solutions for today's needs

USB charging devices

Eaton's USB charging receptacles offer fast, convenient and efficient charging of portable electronic devices directly from a standard outlet without bulky adapters or powered computers.

See page C-4

Shown:
TRUSBAC15

Light & motor control

Combination switches are horsepower rated to carry motor loads such as bathroom fans and garbage disposals on the same or separate circuits.

See page C-6

Shown:
7728

LED nightlight combinations

Ideal for bathrooms, hallways, stairs and landings, flush-mount LED nightlight combination devices provide added safety and comfort along with switch or receptacle functionality.

5A high power charging devices

Combination 5A USB charging devices with TR duplex receptacle

Product description

2-pole, 3-wire grounding
15A, 125V/AC, 5V/DC, 5.0A
20A, 125V/AC, 5V/DC, 5.0A
NEMA 5-15R, 5-20R

5-15R

5-20R

Design features

- Standard duplex receptacle with one USB-A and one USB-C or two USB-C ports rated at a combined 5.0A
- Dual USB-C charging ports charge most electronic devices that comply with the latest USB-C standard
- Tamper resistant shutters provide compliance with the latest NEC requirements for all 15A and 20A, 125V and 250V, non-locking type receptacles installed in a dwelling unit to be tamper resistant
- Black tamper resistant shutters nearly disappear from view, creating a seamless, contemporary look
- Automatic grounding system eliminates need for bonding jumper in grounded metal enclosure, provides redundant measure of ground continuity where jumper is used
- Thermoplastic top and back-body are virtually unbreakable to deliver years of durable performance
- Steel mounting strap is zinc plated for added corrosion resistance
- Convenient exclusive built-in wire strippers speed installation
- Replaces a standard duplex receptacle and uses a decorator style wallplate

7750

Design features

- Standard AC receptacle with two USB charging ports for conveniently charging most electronic components
- USB-A charging ports rated at 5.0 Amps total - 2.5A top two ports, 2.5A bottom two ports (7750 only)
- Dual USB-A charging ports charge most compatible electronic devices with 3.1A or 3.6A total amps
- Tamper resistant shutters provide compliance with the latest NEC requirements for all 15A and 20A, 125V and 250V, non-locking type receptacles installed in a dwelling unit to be tamper resistant
- Automatic grounding system eliminates need for bonding jumper in grounded metal enclosure and provides redundant measure of ground continuity where jumper is used
- Thermoplastic top and back-body are virtually unbreakable to deliver years of durable performance
- Two wipe blade contacts and double wipe ground contacts to ensure long-term plug retention
- Convenient exclusive built-in wire strippers speed installation
- All mounting straps are galvanized (zinc plated)
- Replaces a standard duplex receptacle and uses a decorator style wallplate
- Black tamper resistant shutters nearly disappear from view, creating a seamless, contemporary look

Tamper resistant

Power Delivery USB receptacles

With up to 60W of power from a single port at your disposal, your laptop and smartphone charging bricks are a thing of the past!

Intelligent power on demand

How does Eaton's Power Delivery USB receptacle stack up against a standard USB receptacle (non-power delivery)?

Power delivery USB - 60W total output rating

Non-power delivery USB - 25W total output rating

Here is a comparison of Eaton's 60W Power Delivery USB receptacle versus our best non-power delivery USB receptacle.

USB Model	60 Watt PD USB	5A USB
USB Type	Type-A/C, Dual Type C	Type-A/C, Dual Type-C
Eaton Catalog number(s)	TRUSBPDC15/20 TRUSBPDC15/20	TRUSBAC15/20 TRUSBC15/20
Total Output Power Rating	60W	25W
Single Port Charging Power	60W (C), 12W (A)	15W (C), 12W (A)
Termination	Screw	Screw
Load Testing, Time to Charge*	Time to Charge 0-50% (USB C Port)	Time to Charge 0-50% (USB C Port)
iPhone 15 Pro Max	25 minutes	56 minutes
iPad 10	32 minutes	85 minutes
Samsung Galaxy S23 Ultra	27 minutes	70 minutes
MacBook Pro M2	31 minutes	Not compatible
MacBook Air M2	31 minutes	Not compatible
HP EliteBook 450 G10	33 minutes	Not compatible

* Load testing done in engineering lab in 2023, only for models of electronic devices listed, with only one device plugged in to charge at a time unless otherwise noted. Charging times may vary based on number of devices charging, state of devices, quality of charging cords, and the age/condition of the battery.

Decorator commercial spec grade combination devices

Product description

Single pole, 3-way
15A, 120/277V/AC switches
15A, 125V/AC receptacles

5-15R

Design features

- 120/277V/AC rating ideal for fluorescent lighting fixtures and a broad variety of applications
- Switches are horsepower rated for motor loads per UL20
- Thermoplastic rocker, top and backbody are virtually unbreakable to deliver years of durable performance
- Tamper resistant shutters provide compliance with 2017 and 2020 NEC which requires that all 15A and 20A, 125V and 250V, non-locking type receptacles installed in dwelling units must be tamper resistant
- Steel mounting strap is zinc plated for added corrosion resistance
- Convenient exclusive built-in wire stripper speeds installation
- Backwire clamps on side terminals provide for easy installation of #12 and #14 AWG wire
- Triple wipe blade contacts and double wipe ground contacts to insure long-term plug retention (TR7730)
- Tri-combo screw heads offer greater installation flexibility
- Black tamper resistant shutters nearly disappear from view, creating a seamless, contemporary look

Tamper resistant

Standard commercial spec grade combination devices

Product description

Single pole, 3-way, pilot light
15A, 120/277V/AC switches; 15A, 120V/AC switches

Design features

- Combination switches with pilot light (277 & 294) can be wired to indicate power ON or power OFF
- 120/277V/AC rating ideal for fluorescent lighting fixtures and a broad variety of applications
- Switches are horsepower rated for motor loads per UL20
- Thermoplastic toggle, top and backbody are virtually unbreakable to deliver years of durable performance
- Ultrasonic welding and integrated construction of the strap and body provide superior ground integrity even under heavy use
- Automatic grounding system eliminates the need for bonding jumper in grounded metal enclosure and provides redundant measure of ground continuity where a jumper is used
- Steel mounting strap is zinc plated for added corrosion resistance
- Convenient exclusive built-in wire stripper speeds installation
- Backwire clamps on side terminals provide for easy installation of #12 and #14 AWG wire
- Terminal screws are backed out and ready for wiring to enhance ease of installation
- Tri-combo screw heads offer greater installation flexibility

Dimmable LED nightlight combination devices

Product description

Single pole 15A, 120V/AC
15A, 120V/AC switches
15A, 125V/AC; 20A, 125V/AC receptacles
120V nightlight

5-15R

5-20R

Design features

- Light sensor turns the nightlight ON when ambient light is low, and OFF when ambient light is high; can also be set to manual ON/OFF (automatic only for GFCI)
- Nightlights are dimmable to desired light level (excluding GFCI)
- Long-lasting energy efficient LED bulbs are rated for 50,000 hours lamp life
- Nightlight features full dimming as well as 3 preset levels to easily match light levels on devices mounted in series
- Nightlights use 3 LED lamps that consume a maximum of 1 watt of energy
- Combination nightlight/receptacle (TR7734 & TR7736) features UL Listed tamper resistant shutters that prevent the insertion of foreign objects
- Automatic grounding system eliminates the need for bonding jumper in grounded metal enclosure and provides redundant measure of ground continuity where a jumper is used
- Terminal screws are backed out and ready for wiring to enhance ease of installation
- Devices mounted in series can be controlled by an external switch in guide light mode
- Black tamper resistant shutters nearly disappear from view, creating a seamless, contemporary look
