# Smart Home Devices

## RESIDENTIAL

**Table of contents**

## Smart home

Eaton's smart home is designed for reliability, easy installation, and added convenience. Select the best option for your smart home with the broad selection of Wi-Fi and Z-Wave Plus devices. The features built in to the products are designed to create a seamless installation and peak device performance. Control the devices from anywhere and transform your home to make every room more livable.

## Connected home families

### Wi-Fi smart

Eaton's Wi-Fi smart home devices are designed to fit your lifestyle. Whether you want to add convenience, enhance security, or increase energy savings, Eaton helps make your home simply smart. Our Eaton Brightlayer Home App offers a convenient way to easily program and control your home's lights, appliances and ceiling fans, with the flexibility of individual room control to controlling the entire home.
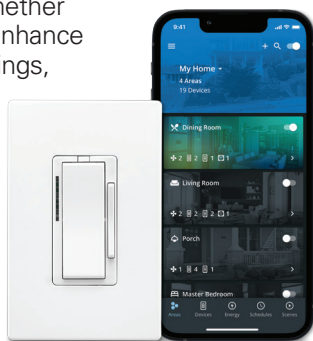

### Z-Wave Plus™

Wireless mesh network provides faster and more secure performance and interoperability, with all products communicating with each other through a hub.

## Wi-Fi smart universal dimmer

### Product description

Single pole, 3-way, multi-location
120V/AC, 60Hz
Rated for all common lighting loads—dimmable
LED, dimmable CFL, INC/HAL, FLR, MLV, ELV

EWFD30
(PJS26W wallplate
sold separately)

### Design features

- Set up and control dimmer using the Eaton Brightlayer Home App or by voice commands
- No hub required
- Dimmable seven step white LED indicator alongside push pad indicates selected light level
- RGB LED for precise status indication
- Preset whether your device comes on or stays off following a power outage
- Adjust how long lights stay on to allow for a safe, convenient exit

### Wi-Fi smart universal dimmer

# Eaton's Z-Wave Plus Wireless Collection

Includes a broad lineup of lighting controls including wireless universal dimmer, wireless accessory dimmer, wireless switch, wireless accessory switch & wireless duplex receptacle. All these devices feature Z-Wave Plus Technology, improved communication range, S2 security, lower power consumption & over the air updates. Available in 2 unique physical styles and 10 different colors, this allows the users to match the devices to their home décor and designs.

For more information on the complete Z-Wave Plus wireless collection product portfolio please visit **www.eaton.com/zwaveplus**

## Z-Wave Plus wireless collection

| Z-Wave Plus wireless universal dimmers & accessory dimmer **F-10** | Z-Wave Plus wireless switches & accessory switches **F-11** | Z-Wave Plus wireless duplex receptacle **F-12** | Z-Wave Plus wireless motion sensor & plug-in module **F-13** |
| --- | --- | --- | --- |

**Hub required**
In order for the devices to be controlled remotely, a compatible Z-Wave hub/controller is required

**Voice control when used with a compatible hub**
Just ask Alexa or say Hey Google to turn your lights ON/OFF or brighten/dim lights when used with a compatible controller

**Works with leading smart home systems**
Interoperability powered by Z-Wave Plus technology enables compatibility with popular smart home and security systems

**App based control**
Control your devices remotely through compatible Z-Wave hub/controller app

**Secure network**
All devices support S2 security and can be installed securely in the network for additional peace of mind

**Personalization**
Set scenes, events, and groups to fit your daily routine. Z-Wave Plus devices also come in multiple styles and colors to match any decor

## Z-Wave Plus wireless universal dimmers

### Product description

Single pole, 3-way, and multi- location
120V/AC, 60Hz
Rated for all common lighting loads—dimmable
LED, dimmable CFL, INC/HAL, ELV, MLV, FLR

RF9643-NDW

RF9642-ZDW

### Design features

- Adjustable low-end and high-end dimming range to prevent lamp flickering and for additional energy savings
- No de-rating required in multi-gang installations
- Compatible with Z-Wave Plus accessory dimmer (RF9642-Z) for wireless 3-way control, eliminating the need for traditional 3-way wiring or dedicated traveler wire
- Can be wired with standard 3-way switch (7503)
- Can be associated with up to 5 other Z-Wave Plus devices
- Programmable rapid start and delayed off fading up to 2 minutes (default is 10 seconds)

- Dimmable seven step blue dimmable LED display alongside push pad indicates selected light level and reduces brightness when OFF (nightlight feature)
- Air-gap switch disconnects power from load forcing an OFF condition
- Pressing and holding push pad for 2 seconds brings light to full brightness without affecting preset levels
- Neutral wire required for installation
- Child lockout feature disables local control at dimmer
- Supports Z-Wave Plus functionality with S2 security certification
- Preset whether your device comes on or stays off following a power outage
