One dimmer. Many solutions.

Featuring the latest in dimming technology

Lighting control you can count on
Eaton’s AL series dimmers offer flexibility in design with the latest dimming technology

**Flexibility & innovation**

Eaton’s Wiring Devices AL series dimmers offer a versatile option for any dimming application - fine tune the dimming performance to match your exact needs and change colors as needed to suit any décor.

- Single pole or 3-way wiring in one unit
- Separate ON/OFF and DIM/BRIGHT controls allow easy return to favorite light levels
- Interchangeable faceplates available in 4 different color change kit options

**Color flexibility**

Color change kits come with three color faceplates, offering design flexibility within one product. Select models are available in 4 different color combination packs.

- **C2 Color Kit** (Light Almond, White, Ivory)
- **C4 Color Kit** (Black, White, Ivory)
- **C5 Color Kit** (Black, White, Gray)
- **C6 Color Kit** (Oil Rubbed Bronze, White, Silver Granite)
## AL series dimmers provide rating flexibility

Enjoy flexibility and optimal dimming performance with a variety of light sources and functionality

### Rated for common lighting loads

- Dimmable Light-Emitting Diodes (LED)
- Dimmable Compact Fluorescent (CFL)
- Electronic & Magnetic Low-Voltage (ELV & MLV)
- Incandescent/Halogen (INC/HAL)
- Fluorescent (FLR)

---

Count on flexibility - one dimmer handles common lighting loads.
Count on lower inventory cost - includes an interchangeable color kit.
Count on saving time and money - the right dimmer every time!
Lighting control you can count on
# AL series dimmers

## AAL06

### Single pole and multi-location
- Green LEDs indicate light level and preset
- Separate DIM/BRIGHT bar can be used to adjust preset level when lights are ON or OFF
- Air gap switch allows for manual disconnect during lamp changes

## Color change faceplate options

- **C2 Color Kit** (Light Almond, White, Ivory)
- **C4 Color Kit** (Black, White, Ivory)
- **C5 Color Kit** (Black, White, Gray)

## Smart AL series dimmers

### Features
- Electro-mechanical push pad for ON/OFF operation with separate DIM/BRIGHT bar
- 10-second delayed OFF feature
- Selectable Rapid Start feature to ensure lamp start-up at low preset light levels
- LED light level display for presetting illumination levels and master/accessory units for multi-location control
- Adjustable high-end and low-end trimming
- No de-rating required for CFL/LED in multi-gang installations
- Each color kit package includes 3 colors

## Smart dimmers, wire leads

**Universal slide dimmers (Forward Phase-Cut)**

**Features**
- Universal dimming of most common dimmable lighting loads (phase-cut)
- Device can be wired into either 3-Way location (load side or line side)
- Neutral is not required for installation of devices
- Radio frequency interference filtering is standard on all models
- Electrostatic discharge protection
- Precise color matching

We make what matters work.

At Eaton, we believe that power is a fundamental part of just about everything people do. Technology, transportation, energy and infrastructure—these are things the world relies on every day. That’s why Eaton is dedicated to helping our customers find new ways to manage electrical, hydraulic and mechanical power more efficiently, safely and sustainably. To improve people’s lives, the communities where we live and work, and the planet our future generations depend upon. Because that’s what really matters. And we’re here to make sure it works.
