Applications

The universal decorator dimmer provides full-range classic linear-slide dimming for 300W dimmable LED and CFL as well as 600W incandescent, halogen, dimmable fluorescent, electronic low-voltage & magnetic low-voltage light sources. These units are ideal for residential and light commercial applications and are compatible with Eaton’s Wiring Devices decorator style devices and wallplates. The preset feature automatically returns light(s) to the previous setting. The device is designed for both single pole (one location) and 3-way (multi-location) applications, and features a soft gradual ON setting that provides seamless dimming.
