**Features**
- Single-piece hinged body reduces number of assembly screws to speed installation.
- Unique terminal configuration places screws in only two directions, reducing installation time.
- Clear terminal cover and large funnelized wire entry enable quick and accurate wiring.

**Color information:**
- BK (Black)
- W (White)
- Y (Yellow)

**Indicates NAFTA compliant**

**RoHS compliant**

Compliances, specifications and availability are subject to change without notice.

Quick grip industrial grade, hospital grade and corrosion resistant plugs & connectors

Features & benefits

- Rugged nylon construction
- Tri-combo terminal screws for easy installation (Slotted, Phillips and Robertson)
- Captive tri-combo screws verify secure termination
- Clear terminal cover to visually ensure proper wiring
- Roomy wiring chamber for easy installation
- Cord diameter ranges #18 - #12 AWG

Industrial grade plugs & connectors

Quick grip plugs & connectors are designed to install quickly and easily and provide reliable performance in tough industrial environments.

Hospital grade plugs & connectors

Arrow Hart’s hospital grade plugs and connectors are UL verified to Federal Standard WC-596G and are built to meet and exceed Federal specification and hospital grade testing. These products have excellent resistance to physical abuse and corrosive elements plus withstands punctures and contaminants, providing dependable performance where typical devices fail.

Corrosion resistant plugs & connectors

Corrosion-resistant devices have been specifically designed for environments where moisture and humidity create problems for electrical connections. These products have excellent resistance to physical abuse and corrosive elements plus withstands punctures and contaminants, providing dependable performance where typical devices fail.

Quick grip industrial grade, hospital grade and corrosion resistant plugs & connectors

Industrial grade plugs & connectors
Quick grip plugs & connectors are designed to create quick and easy and provide reliable performance in tough industrial environments.

Hospital grade plugs & connectors
Arrow Hart’s hospital grade plugs and connectors are designed specifically for the most demanding healthcare applications and are backed by our best-in-class R&D, testing and hospital grade testing.

Corrosion resistant plugs & connectors
Corrosion resistant plugs & connectors are designed to provide dependable performance where moisture and humidity create problems for typical devices.

These products have excellent resistance to physical abuse and corrosive elements plus excellent particulate and contaminants, providing dependable performance where typical devices fail.

Quick grip hospital and industrial grade plugs & connectors

Features & benefits
- Rugged nylon construction
- Terminal screws molded into removable cover
- Tri-combo terminal screws for easy installation
- Cord clamp: Type 1, Type 2, Type 3, Type 4, Type 5
- Assembly/mounting screws: #8-32 steel (green)
- Ground screw: Steel, zinc plated, green
- Ground contact: Stainless steel, brass plated
- Corrosion resistant plugs & connectors assure reliable performance in tough industrial environments.

Quick grip specification & performance data

Product description
- Product type: Quick grip industrial grade, hospital grade, corrosion resistant
- Voltage ratings: 125V/AC, 250V/AC
- Current interrupting: 20A, 15A, 125V/AC, 250V/AC

Materials
- Terminal screws: #8-32 steel (green)
- Central locking screw: Stainless steel, nickel plated (neutral)
- Line contacts: Stainless steel, brass plated
- Ground contact: Stainless steel, brass plated
- Cord clamp: Type 1, Type 2, Type 3, Type 4, Type 5
- Assembly/mounting screws: #8-32 steel (green)
- Ground screw: Steel, zinc plated, green
- Ground contact: Stainless steel, brass plated

Mechanical specifications
- Temperature rating: V2 rated
- Flammability: Meets UL94 requirements
- Dielectric voltage: 1000V per UL498
- Temperature rise: Max. 30ºC (86ºF) after 100 cycles of overload @ 150% of rated current (DC)
- Voltage ratings: 125V/AC, 250V/AC
- Current interrupting: 20A, 15A, 125V/AC, 250V/AC

Environmental compliance
- Compliance: UL verified to Fed Spec WC-596G
- Temperature range: (-40ºC to 167ºC)
- Flammability: V2 rated
- Testing & code compliance:
  - UL verified to Fed Spec WC-596G
  - cULus Listed to UL 498 file E15012

Quick grip hospital and industrial grade plugs & connectors

Features & benefits

Rugged nylon construction

NEMA configuration prominently displayed on exterior

Captive tri-combo terminal screws / Phillips, Pozi and Robertson for easy installation

Large funneled wire entry ensures proper wiring

Clear terminal cover to visually verify terminal connection

Industrial grade plugs & connectors

Quick grip plugs & connectors are designed to install quickly and easily and provide reliable performance in tough industrial environments.

Hospital grade plugs & connectors

Arrow Hart’s hospital grade plugs & connectors are designed specifically for environments where moisture and humidity create problems for typical devices or exceed standards, providing dependable performance in the most demanding healthcare applications and are used to meet and exceed OSHA, Federal specification and hospital grade testing.

Corrosion resistant plugs & connectors

Corrosion resistant devices have been developed to meet the needs of the most demanding industrial applications, providing dependable performance where typical devices fail.

Installation speed, performance and durability

The unique design and construction of Arrow Hart’s quick grip plugs and connectors make them ideal for a variety of commercial and industrial applications.
