Wi-Fi smart duplex receptacle

**Description**
2-Pole, 3-wire grounding
15A, 120V/AC, 60Hz, 1/2 HP

**Design features**
- Control receptacle using the Amazon Alexa App. or by voice commands
- No hub required
- Provides control of one outlet leaving the other one for normal use
- Can be wired with a standard 3-way switch where a traveler wire exists
- For added safety, complies with NEC® specification that states all receptacles installed in dwelling units must be tamper resistant
- Dimmable white LED at the left of the button illuminates to indicate ON/OFF status
- LED Indicator system alerts if the device is not set up in the network
- Rated for 1/2 HP motor loads
- Programmable delayed OFF mode (set for 10 secs)
- Configurable “power UP state”
- Available in 8 different colors including metallic finishes

Applications
Eaton's Wi-Fi smart duplex receptacle replaces regular receptacles to provide local and remote ON/OFF control of a single outlet. The receptacle can be remotely controlled and the user can create routines, schedules and group devices using the Amazon Alexa App. Ideal for controlling floor lamps, appliances and holiday lights, the receptacle makes controlling your home easier.
