

Eaton's Wiring Devices  
Z-Wave Plus wireless collection

# Eaton's Z-Wave Plus wireless collection

Eaton's Z-Wave Plus wireless collection of lighting controls include a wireless universal dimmer and accessory dimmer, wireless switch and accessory switch and a wireless duplex receptacle. In addition to the lighting controls, the wireless collection offers a motion sensor and an ON/OFF plug-in module. All devices feature Z-Wave Plus technology, that brings improved communication range, S2 security certification, lower power consumption and over-the-air updates in your home.

# Z-Wave Plus Technology

In addition to Z-Wave's unmatched interoperability, Z-Wave Plus provides faster and more secure wireless performance, over the air updates and a mesh network with all products communicating with each other.

## Voice control:

When used with compatible Z-Wave controller/hub, these devices can also be controlled through voice assistants.
