Eaton® EC116 & EC216 Wash down hose

Professional and residential pressure washer hose
We thrive under pressure.

Eaton EC116 & EC216 pressure washer hose

Pressure washer hose needs to hold up when the pressure is on. The EC116 and EC216 high pressure wash down hose meets and exceeds the new 4k and 6k psi industry standard.

These hoses can withstand temperatures from -40°F to intermittent +302°F and are ideal for food, car wash, labor and swimming areas.
**Hoses**

**EC116 Wash Down hose**
Light to medium duty pressure washer hose
Up to 4,350 psi operating pressure

Approved Fittings: 1A (TTC/Z Series): -04, -06 and -08

**Construction**
- Tube: Synthetic rubber tube
- Reinforcement: One wire braid reinforcement
- Cover: Oil, abrasion and weather resistant special synthetic rubber smooth cover

**Operating parameters**
-40°C to intermittent +150°C (-40°F to intermittent +302°F)
*for pressure washer application only

**Selling features**
- Smooth, non-marking cover
- Flexible, light weight hose
- Available in 50 ft & 100 ft continuous lengths
- Meets EN1829-2 for high pressure water jet equipment

**Applications**
- Car washes
- Home labor (patio, siding, pool, deck, etc. cleaning)
- Heavy duty construction equipment cleaning
- Food and beverage processing (where daily cleaning is required)
- Dock services and boat cleaning

**Fittings**

**1A (TTC/Z Series)**
- New DURA-KOTE™ plating technology for up to 1,000 hours of corrosion resistance
- Bite the wire technology for best in class connection and sealing
- Class zero leakage SAE J1176 on approved hose styles
- Over 550 TTC Series part numbers available
- Eaton’s MatchMate™ program provides identification markings on the hose, hose fittings, and crimp dies for quick and easy assembly
